

Travel- Transportation

You are responsible for your own travel arrangements to the HECA conference in Tampa. It would be helpful to the conference planners to know your arrival and departure plans. There is a place to include your travel dates and times on your conference registration. This will help the conference planners, especially if you are staying in the dorms and need to arrive or leave at a peculiar time.

Getting from the Airport to University of Tampa and back

Below is a list of shuttle companies for airport transportation. There are also cabs on site at the airport and the average fare is \$20-22.
